

The image shows a screenshot of an IDE with a dark theme. On the left is the 'Explorer' sidebar showing a file tree with 'Label', 'gitignore', 'x.txt', 'README.md', 'test1.txt', and 'test2.txt'. The 'test1.txt' file is selected. The main editor area shows the content of 'test1.txt', which is a Java program. The code is as follows:

```
1  Для примера напишем программу, которая складывает два данных ей целых числа. Сразу приведем полный текст ;
2  import java.util.Scanner;
3
4  public class AplusB {
5      public static void main(String[] args) {
6          Scanner in = new Scanner(System.in);
7          int a, b;
8          a = in.nextInt();
9          b = 67;
10         int c = a + b;
11         System.out.println(c);
12     }
13 }
14
```
